THE QUICK-WIN PLAYBOOK

20 MINUTES / WEDDING PHOTOGRAPHERS

1 Define the deliverables

Record coverage hours, approximate edited-image deliverables, delivery format, consultation and any album or second-shooter options.

Action: Specify what is not included.

2 Count hidden hours

Add planning, travel, shooting, selection, editing, export, backup, meetings and revisions.

Action: Base your estimate on full project hours, not only wedding-day coverage.

3 Cost the entire package

Include loaded working time, travel, assistants, album or gallery costs, insurance allocation and overhead.

Action: Distinguish vendor costs from your target earnings.

4 Set price and milestones

Price from your full cost floor and margin target. State the booking retainer/deposit, payment schedule and agreed change process.

Action: Clarify delivery deadlines before accepting.

CHECK BEFORE YOU COMMIT

Confirm your inputs, write down your assumptions and review the result yourself. AI can draft text; it cannot verify missing facts.

TAKE-HOME WORKSHEET

Fill these six fields, then use the prompt to draft the customer-facing output.

Event date / venue

Hours of coverage

Editing + admin hours

Expenses / assistants

Full project cost

Quote + payment milestones

COPY-AND-PASTE AI PROMPT

Draft a concise wedding photography proposal from the coverage, deliverables, dates and exact prices I supply. Include inclusions, exclusions, payment milestones, postponement questions and delivery expectations. Ask for missing terms. Do not invent legal protections, deliverable counts or guaranteed outcomes.

WORKED MINI-EXAMPLE

25 h × €24 loaded	€600
Assistant + travel	€310
Gallery + overhead	€110
Price at 40% margin	**€1,020 ÷ 0.60 = €1,700**

WATCH OUT Eight hours of event coverage can require many additional hours of editing and client management.
